

# Acceptance Criteria

## Versions

| Version ID | Description   | Date       |
|------------|---|------------|
| 1.0        | Sprint 3, Setup Acceptance Criteria for each User Story, including Registration, Login, API Connection, Activity Dashboard & Details functionality. | 2022-05-10 |

## Version 1.0 – Acceptance Criteria

Note: Test IDs start at AT01 and increase in numerical order. any duplicate tests that were used for previous acceptance criteria are given the same ID from earlier. The Detailed [Acceptance Test](#) for each Acceptance Criterion can be found [here](#). And the User Story ID is linking back to the [User Story](#) page.

| Epic  | User Story ID | Acceptance Criteria ID | Given   | When  | Then   |
|---|---------------|------------------------|---|---|--|
| Epic-01<br>Coaching-Mate Account Management | US01          | AC01                   | there is a registration form  | I try to create a new Coaching-Mate account   | I can fill in the required information and submit the registration form to obtain the <b>new account</b> . |
|   |               | AC02                   | I want a notification message about where I made the mistake                  | I fill some <b>invalid</b> information into the registration form                   | I can correct invalid information to a valid one.  |
|   | US02          | AC03                   | there is a login window   | I try to log in with my Coaching-Mate account                                       | I can <b>successfully</b> log in with my account, and redirect to the Dashboard (Main Page).               |
|   |               | AC04                   | there is a notification message to warn the login credential is incorrect     | I enter the <b>wrong</b> account name or password                                   | I can try to re-enter a valid login credential.  |
|   | US03          | AC05                   | there is a logout button  | I try to logout from the Coaching-Mate account                                      | I can successfully log out, and redirect to the Login Page.  |
|   | US04          | AC06                   | that I forgot my password and try to retrieve it                              | I click the "forgot password" button  | I am able to enter my email address for my account password.   |
|   |               | AC07                   | that I want to receive the email to retrieve my password                      | I entered a valid email address for my account                                      | I can verify myself to retrieve my account password.   |
|   | US05          | AC08                   | that I need to reset my password  | I am verified to be a valid user of that account                                    | I can set up the password for my account   |
|   |               | AC09                   | there is a new password textbox for my fill-in the new password               | I enter the reset password page   | I can successfully reset my old password to the new password.  |
| Epic-02<br>Garmin API Connection            | US07          | AC10                   | there is a connect button   | I try to connect my Coaching mate account to Garmin                                 | I can receive activity data from Garmin Connect.   |
|   | US08          | AC11                   | there is a disconnect button  | I try to disconnect my Coaching mate account to Garmin                              | I can stop receiving activity data from Garmin Connect.  |
|   | US09          | AC12                   | there is a connect window   | I click the agree button to connect my Coaching mate account to Garmin              | I can get my account's connection on this page.  |
|   |               | AC13                   | there is a connect window   | I click the <b>disagree</b> button to disconnect my Coaching mate account to Garmin | I could choose to not connect to Garmin.   |
| Epic-03<br>View Synchronised Activity Data  | US10          | AC14                   | there is an activity dashboard page   | I try to view all my activities data  | I can view all my activity data clearly and correctly on the coaching-mate dashboard.                      |
|   | US11          | AC15                   | that I have finished my connection to the account and click a single activity | I try to view the detail for a specific activity                                    | I can view the detail clearly and correctly for a specific activity on the activity detail page.           |
|   |               | AC16                   |   | I try to get my activity detailed data  | the data is easy to understand.  |
